

# M.I.T.E.A.

## C.M.S.U. hosted Fabulous Fall Conference to close 1999 !!!

As the crowd gathered on a beautiful autumn day and Fall Conference prepared to the open you could tell it was going to be an excellent day with more to see, here, and do than anyone could possibly fit into one day.

What has become a tradition the past few years there were to many excellent workshops to choose from or anyone could attend in one day. Its tough to decide whether we need to extend the Conference to a day and a half or two days of activity or just cut back on the number of workshops.

As Art Rosser welcomed the attendees once again you could tell that C.M.S.U. and the School of Applied Science and Technology were going to continue to strongly support M.I.T.E.A. as they for another year made a commitment to financially support the printing of the M.I.T.E.A. Newsletter. Once again they sponsored a fabulous Fall Conference, and in the Spring they will be hosting Central District's I.T.E. contest and assist in judging at the State Contest and Expo.

The Fall Conference began with Welcome & Opening Remarks from Dr. Art Rosser, Dean, School of Applied Sciences & Technology, C.M.S.U. (upper right) *(Continued on page 6)*

**Submissions:** This newsletter is published three times a year by the Missouri Industrial Technology Education Association. Articles, photographs, and other newsworthy and/or technical submissions should be sent to Steve McNaught, Editor ( address below). Requests for advertising space or advertising costs should be sent to Attention: Steve McNaught. The Fall Issue deadline is Aug. 15th, the Winter issue deadline is Dec. 15th, and the Summer issue deadline is April 15th.

**Subscriptions:** Subscriptions to the newsletter are included in the M.I.T.E.A. dues. A complimentary copy of the Fall issue is sent to all Missouri Industrial Technology Educators.

**Reproduction:** The M.I.T.E.A. grants the right for reproduction of the contents of this publication as long as such reproduction is for the betterment of Industrial Technology Education and is not for personal or financial gain.

**Newsletter Editor:** Steve McNaught, Cassville High School, Industrial Technology Department, 1501 North Main St. Cassville MO 65625 . or **E-Mail submissions to miteanews@cassville.k12.mo.us**

# *M.I.T.E.A. Honors Technology Educator*

## **Kyle Palmer recieved the Distinguished Service Award in recognition for his outstanding contribution to the profession at C.M.S.U. Fall Conference**

The award for Distinguished Service honors individuals such as teachers, administrators, staff and citizens for their mark of distinction in service for the Missouri Industrial Technology Education Association and for the impact they have on its success.

Each year M.I.T.E.A. honors individual(s) with its Distinguished Service Award in recognition of their outstanding contribution to the profession of Industrial Technology teaching or in recognition of an outstanding contribution to Industrial

Technology professional organizations on the state or national level. The Distinguished Service Award; considered by many to be the most prestigious of the recognition presented by M.I.T.E.A.

This fall M.I.T.E.A. elected to present its "Distinguished Service Award" to Kyle Palmer who over the years has, by his actions, distinguished himself as a provider of excellent service. Kyle has demonstrated his ability to be team players, and has accepted responsibilities in a positive manner, who focus on meeting the needs of our organization, and who strive for improvement and embrace change with an open mind. Kyle has served M.I.T.E.A. in the capacity of Vice President to I.T.E.A. and has represented M.I.T.E.A. in that capacity for many years. He also has done numerour presentations at conferences and served on the organizational team for Fall Conference. Kyle also serves as a judge at both the State and District Contest and Awards programs, and also serves on other committees for M.I.T.E.A. at the National and State level. Congratulations and Thanks Kyle...

Additional workshops included Things you Probably Don't know About Microsoft Office! Tips and Tricks for Word Excel & Powerpoint, by Dick Kahoe; C.M.S.U. (below) Dick also did a second workshop on "Mind Mapping in the Classroom" an overview of "Inspiration"

**M.I.T.E.A. owes C.M.S.U. a "Big Thanks" for hosting the Annual Fall Conference.**

"Impact Issues for Technology Education" was presented by Doug Miller D.E.S.E. (below) along with "How T.S.A. effects your I.T.E. Program

The always smiling Mark Koca: Eldorado Springs H.S. presented "The Kaleidoscope project"

Gary Schreiner; (below) Fordland H.S. presented "The West Point Bridge Designer software" for pre-engineering. Gary was assisted by two students from Fordland.

**Synergistic's  
revolution  
continues.**

Pathways. Revolutionizing High School.

"The teamwork, problem solving, and skills taught in the Pathways system makes the experience truly future-relevant for students."

- Midge Rodier  
Coachella Valley High School  
Thermal, California

Facing the *problems* of  
tracking, scheduling & testing...

and the *solution* is

**Millennium 3000.**

*The best just got better.*

With DEPCO's Millennium 3000 new upgrade, Release 2, electronic classroom management has never been so easy. The program tracks & schedules for you. It even keeps track of what modules students have completed from previous years! The Test Maker pulls random questions from an archive & generates automatic exams, which

**We have the solution.**

electronically or on paper. It works with any vendor's modules & there isn't an extra charge for additional student workstations. There are many more features, call 1-800-767-1062 for more information.
